-Chorus-

The elves and the dwarves
They will fight
From the shadows
Into the night
â€¦And the Tarasque makes a sound likeâ€¦
RUFF!

-Verse 1-

An elven scout comes riding in, a message many died
to bring
An attack upon the elven lands a Duergar army comes
to win
Lead by an evil mage they come to rape and plunder
Kill they elves all they have said, they mean to bring us
under

-Chorus-

-Verse 2-

From the realm of the elven lands a soldier is born of
every man
We will quell these buggers from our land
They will die with their hearts in our hands - you have
desecrated our land
You have brought filth to our homes. You laid this
sickness upon us

-Chorus-

-Bridge-

The mage made a pact with an evil god
To call forth a demon from the underworld
The Tarasque sent to maim each and every foe
What he wrought shall beget each man
We elves hath said we shall quell this eternal foe
The Duergar and this mage will be imprisoned in death

-Chorus-

-Breakdown/Guitar Solo-

-Chorus-
