This morning when I woke up I tried to set the world all straight

(em) (G) (H)

I tried to make a meaning of what's left.

(em) (G) (D) (C)

With numbers and figures spinning all around my head

(em) (G) (H)

and making out of logic what's the best.

(em) (Bb) (H)

till the end of time there will be people crying

(em) (Bb) (H) Riff

till the end of time but all the people do not care

Scientific revolution, it amazes me what we can do,
we hold the power to destroy the world.

Still people die from yellow fever, TB, draught, malaria.
We shut our eyes, they seem so far away.

till the end of time there will be people dying

till the end of time but all the people do not care

(C) (D) (G) (em)

I try to keep it simple, but it really blows my mind.

(C) (D) (G) (C)

We're treating all the symptoms but we'll never get it right

(C) (D) (G) (C)

as long as we keep hating instead of showing love

Riff

this world is damned forever and the glory is with God.

Ignorance, cold blooded hearts and people die of loneliness,

but money's making money's making rich.

Am I my brothers keeper? No but you could be his only hope

The glory of the living is in Christ

till the end of time all the angels singing
till the end of time but all the people do not hear!!!

I don't have time for beggars, but I have time to look
away
I'll keep my change, he'll have to change, 'cause I
really couldn't stay.
My love amounts to pity, I turn, I will not see...
but 'whatever yo do to the least of these you also do to
me!!!'

till the end of time all the angels singing
till the end of time but all the people do not hear!!!
