Wait in line
Till your time
Tickin clocks
Everyone stop
Cause everyone's sayin different things to me
(different things to me)
Everyone saying different things to me different things
to me

(bridge)
Do you believe in what you see?
There doesn't seem to be anybody else who agrees
with me

(chorus)
Do you believe in what you see
Motionlessly nothing is real
Wastin my time
In the waitin line
Do you believe in what you see

9 to 5
Livin life, every day stealin time
Everone's takin everything they can everything they
can
Everyones takin everything they can everything they
can

Do you believe in what you feel?
There doesnt't't seem to be anybody else who agrees
with me

Chorus

And i shall not scream
Well I'd rather not be seen
And I'll hide away for another day

Chorus
