On a river so gray, that's running much too fast
I'm a hostage on my own
The air I breathe is stale and I'm planning my escape
Without a destination

While I'm embraced by the waters cold
I know you're far away
Within my fantasy, it's new
I'm asking for hope in you

Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you
Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you

So my blood runs very slow, just like a flood of tears
When they've all dried up
That river flows one more and I try to catch a ray of
light
From the sky at night

Will I ever rest my eyes upon your face?
And you fade again
I will never really know if you lost me to her
I'm asking for hope in you

Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you
Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you

All of my thoughts, all of the words get tangled
The waves ride high again
Your lips seem close to mine I'm losing hold
In the river of you

Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you
Name my fate, I'm lost on the waves without you
Never break, I'm lost in the river of you

I'm lost in the river of you

I'm lost in the river of you
