[Verse 1: Juganot] (Tess)

City grimey and gritty one of the greatest states
located northeast of the equator

The city that never sleeps was on hiatus now be back
with flamers (It's New York!)

Yeah! The innovators of the rap game are back to
reclaim the throne hey what's happenin?!

I'm the Juganot, bitch I've been rappin since I was
young playin catch a kiss (It's New York!)

Check it out! Got a walk with an awkward swagger and
talk with a venomous fork tongue grammar

We taught to be cautious of boys with the badge cause
the police harass us (It's New York!)

Yeah! Can no man surpass us we advance the fastest
the further out of New York, they more like molasses
It's just the popular opinion of the masses reason we so
gassed is

[Chorus: Tess] (DJ Camillo scratches and fades Tess
singing in the background) (*Joell Ortiz)

It's New York! New York! It's New York! New York!

It's New York! (*Uh! Uh!)

[Verse 2: Joell Ortiz] (Tess)

Top five with the murder rate, we takin lives and never
give them back they invertebrate

We murdered eight ball jackets and triple fat geese

Naturally packaged and you can run that hat stupid!!!

(It's New York!)

[Verse 3: Juganot] (Tess)

Yeah! We took break beats and looped it
crew spit to it and normally creatin a new music
And it kept rollin till this day it's a huge movement
it's only slow when you chop and screw it (It's New
York!)

[Verse 4: Joell Ortiz] (Tess)

The birthplace of this hip hop, four finger rings
rope chains and a big box
Forties to the brain, a decent sized marker
so everyone saw your name before you got off the train
(It's New York!)

[Verse 5: Juganot] (Tess)

Hey! Hey! Catch a little fame with the krylon on the
gates from the bodega you had your eye on
New York is full of crime that's where the beef cooks
Crooks, jooks, even police is crooked (It's New York!)

[Verse 6: Joell Ortiz] (Tess)

Yeah! Bronx, Manhattan, Staten, Queens and
Brooklyn!!!
You stomp flat or get out before you leave to bookin
Johnny pump open like who wanna get soaked?!
Walked off riffin cause your beeper broke (It's New
York!)

[Verse 7: Jugganit] (Tess)

[Verse 8: Joell Ortiz]

[Verse 9: Uncle Murda] (Tess)

You know I'm g'd to admire my enemies now I'm in the

studio with Camillo I'm treed up
Smokin my haze man, mixed with some kush man
It's so powerful I coughed up one full man (It's New
York!)
You see I gotta smoke, relax so I don't hurt nobody
If I'm sober I'm on the edge I might merk somebody
I got so much drama in New York it ain't funny
But I'm a G that don't stop me from gettin my money
(It's New York!)
Man you know I hustle hard with that thing on my hip
Lookin for the Po' Po' while I'm smokin my spliff
They say the weed make you paranoid well I'm on point
You can't walk up on me without me pullin out my joint
I'm like hold up, who that, let me see your hand son?!
He said Murda you buggin, it's your man son
I had to look real hard like, oh he good
It's dark outside you know how it be in the hood

[Chorus: Tess] (DJ Camillo scratches and fades Tess
