Train round the bend

Takin me away from my country

I'm sick of the trees

Take me to the city

Train comin' round the bend

Oh train comin' round the bend

Been in the country Oh much too long

Trying to be a farmer

But nothing that I planted never seems to grow

Train comin' round the bend

Train comin' round the bend

Hey I am just a city boy

And really not the country kind

Oh I need the city streets and I need your light

To see bend comin' round the bend

The train comin' round the bend

Allright

Ooh Ohh

Once

She's going twice

She's going to the loop up and down

She's going twice

She's going the train comin round the bend

You know the train comin round the bend

And I'm out of nowhere

Takin' me back where I belong

I've been here once and I don't take it tonight

For the train comin round the bend

The train comin round the bend

OOOh Allright
