White light goin' messin' up my mind.

Don't you know it's gonna make me go blind.

White heat, it trickles way down to my toes.

Have mercy white light have it goodness knows.

White light goin' messin' up my brain.

White light, it's gonna drive me insane.

White heat, it trickles way down to my toes.

White light, I said now, goodness knows.

Ooo, white light.

Ooo, white heat.

Ooo, white light.

Ooo, white heat.

White light moved in me through my brain

White light go nna make-a me go insane

White light, trickled down to my toes

White light, I said now, goodness knows.

White light it lightens up my eyes

Don't you know it fills me up with surprise

White heat trickles down to my toes

White light, I'll tell you now, goodness knows
