Wait in line  
till your time  
Tickin clocks  
Everyone stop  
Cause everyone's sayin different things to me  
(different things to me)  
Everyone saying different things to me different things  
to me

(bridge)  
Do you believe in what you see?  
there doesn't seem to be anybody else who agrees  
with me

(chorus)  
Do you believe in what you see  
Motionlessly nothing is real  
Wastin my time  
in the waitin line  
Do you believe in what you see

livin life, every day stealin time  
everone's takin everything they can everything they

There doesnt seem to be anybody else who agrees
