Have you ever wondered if it smarts
When you're heart is ignored
And the [Incomprehensible]
Though I waited for you, oh, how I adore you

You never saw my face
I traced your path, each day
We will be always together

Now I watch you bleed
You had all I need
How I love you so
We'll never know
If I can't have you

I even did the research
Went to work, learned to flirt
Wore a skirt and faced dirt
And still you didn't notice
You never focused on me

You never saw my face
I traced your path each day
You never lifted your eyes to me

Now I watch you bleed
You had all I need
How I love you so
Now we'll never know

Now I watch you bleed
You had all I need
How I love you so
Now we'll never know

If I can't have you
If I can't have you
If I can't have you
If I can't have you
