VERSE 1

I've been a good boy
Your sunday school boy
But I ain't perfect I've been hiding part of me

So tired of trying
I'm done denying
Ain't gonna stop me from this weekend fantasy

PRE-CHORUS

I don't wanna hear a thing tonight
I don't wanna know what's wrong or right
I'm leaving it behind its not your life
It's my life, baby its my life

CHORUS

I start the party and you're not invited
I don't wanna be reminded of you
I start the party and you're not invited
No my night won't be decided by you
Oh no, you gotta go, its my show

POST-CHORUS

I start the party
Whoa
I start the party
Whoa

VERSE 2

I'm high I'm jumpin'
Regretting nothin'
The music's playing and I'm moving to my beat

I got my hands up
And now I can't stop
Tonight I'm finally letting go of you and me

PRE-CHORUS

I don't wanna hear a thing tonight
I don't wanna know what's wrong or right
I'm leaving it behind its not your life

It's my life, baby it's my life

CHORUS

I start the party and you're not invited
I don't wanna be reminded of you
I start the party and you're not invited
No my night won't be decided by you
Oh no, you gotta go, its my show

POST-CHORUS

I start the party
Whoa
I start the party
Whoa

BRIDGE

You're not my keeper
I'm not scared
I'm goin' deeper
Don't need your prayer

PRE-CHORUS

I don't wanna hear a thing tonight
I don't wanna know what's wrong or right
I'm leaving it behind its not your life
It's my life, baby its my life

CHORUS

I start the party and you're not invited
I don't wanna be reminded of you
I start the party and you're not invited
No my night won't be decided by you
Oh no, you gotta go, its my show

POST-CHORUS

I start the party
Whoa
I start the party
Whoa
