usic and lyrics by Andrew Abaria

VERSE 1

Hold my breath and step outside
Wonderin' how I'm still alive
Cries among the masses looking through the ashes
now
Smoke of armageddon show the way to heaven now

PRE-CHORUS 1

I'm a soldier with two missions
I'm a prophet with two visions
I'm a soldier being questioned

CHORUS

In no man's land
No man's land

VERSE 2

Stumble down this path I knew
Holy faces so confused
Altars made of rubble, sinners kneel in trouble now
Omens to the father to defeat the other now

PRE-CHORUS 2

Is the fighting without honor
Waiting I betray my brother
Bear my cross or wear the armor

CHORUS

In no man's land
No man's land
No man's land
No man's land

BRIDGE

Hate and fighting justified
Sacred writing alibis
It's purgatory in between the lines

In the trenches feeling flames

Lift my arms to peter's gate
I surrender my white flag is raised
