If you want to fall then dive right in
If you love me, then it's sink or swim
I've been waiting til I can't wait no more
Here's your hat, your key, and there's the door

But the truth is bleeding out of this illusion
And my pride is waging war, but I think it'd losing

I don't wanna I don't wanna let myself, let myself
But I can't help it, I don't want nobody else
But you

Here you come again to get your fix
Oil and water, why bother? They never mix
But it's beautiful how they do their dance
So close, but too far to get their chance

But the truth is you're not me and I'm not you
Won't you be yourself and maybe I will too

I don't wanna I don't wanna let myself, let myself
But I can't help it, I don't want nobody else
But you

If you want to fall then dive right in
If you love me now, it's sink or swim

I don't wanna I don't wanna let myself, let myself
But I can't help it, I don't want nobody else
But you
