"Oh, Tag Along"

Oh, I now redise
We are here on borrowed time
Let's make the best of it
Until the curtains come tumbling down

Oh, is this how
It's gonna proceed
A whole lot of loathing me

Are you stupid or can't you see?
Merry as I hope it to be

I'm just a nutcase
Please tag along
Just such a nutcase
I'll do myself wrong
I'm just a nutcase
Please tag along
Just such a nutcase
So long
Tag along
Sing this song
Tag along...

Oh, so I now bid you farewell
So I know
I guess I'll meet you up in H
Or down in hell

Oh, oh...
Tag along
Sing this song
Tag along
