chorus

im gonna kick off my shoes

and run in bare feet

where the grass and the dirt

and the gravel all meet

im goin back to the well

gonna visit old friends

and feed my soul

where the blacktop ends

im looking down the barrel of friday night

im riding on a river of freeway lights

look out city im country bound

til monday rolls around

chorus

workin in the grind is an uphill road

im punchin that clock and carrying that load

i bust it all week and then im free

the weekend belongs to me

chorus

give me some fresh air

give me that farm

and give me some time  
with you in my arms  
far away from the hussle  
and the pressure and the noise  
im gonna kick off my shoes  
and run in bare feet  
where the grass and the dirt  
and the gravel all meet  
im goin back to the well  
gonna visit old friends  
and feed my soul  
you betcha  
ya im gonna kick off my shoes  
and run in bare feet where the grass,  
the dirt, the gravel all meet  
im goin back to the well  
gonna visit old friends  
and feed my soul  
where the blacktop ends  
where the blacktop ends  
where the blacktop ends
