The first time I looked in your eyes I knew  
that I would do anything for you  
The first time you touched my face I felt  
What I'd never felt with anyone else  
I wanna give back what you've given to me  
and I wanna witness all of your dreams  
Now that you've shown me who I really am  
I wanna be more than just your man  
I wanna be the wind that fills your sails  
Be the hand that lifts your veil  
Be the moon that moves your tides  
The sun comin' up in your eyes  
Be the wheel that never rusts  
Be the spark that lights you up  
All that you've been dreamin' of and more  
So much more  
I wanna be your everything  
When you wake up I'll be the first thing you see  
and when it gets dark you can reach out to me  
I'll cherish your words and I'll finish your thoughts  
I'll be your compass baby, when you get lost

repeat chorus

Be the wheel that never rusts

Be the spark that lights you up

All that you've been dreamin' of and more

So much more

I wanna be your everything

I wanna be your everything

I wanna be your everything
