Cross your heart and hope to die it's love  
A perfect world in my mind's eye and oh  
The face that's watching me tonight has me  
Falling for that certain smile

Hold your hand up, swear to God, it's love  
Help me to believe because for all  
The words you said to me tonight has me  
Falling for that certain smile  
Falling for that certain smile

Take my tears and smile for me it's love  
Take my soul, my heart, my fears for oh  
The way you're touching me tonight has me  
Falling for that certain smile

Bring me passion, bring me lust or love  
Bring me only truth because for all  
The times you said to me tonight have me  
Falling for that certain smile  
Falling for that certain smile  
Falling for that certain smile
