Is it worth it can you even hear me  
standing with your spotlight on me  
not enough to feed the hungry  
i'm tired and i've felt it for a while now  
in this sea on lonely  
the taste of ink is getting old  
it's four o clock in the fucking morning  
each day gets more ever like the last day  
still i can see it coming  
while i'm standing in the river drowning  
this could be my chance to break out  
this could be my chance to say goodbye  
at last its finally over  
could not take this town much longer  
half dead wasnt what i planned to be  
now i'm ready to be free

so here i am  
its in my hand  
and i'll savior every moment of this  
so here i am  
alive at last  
and i'll savior every moment of this

and wont you think im pretty  
when im standing top the bright lit city  
and ill take your hand and pick you up  
and keep you there so you can see it  
as long as youre alive and care  
ill promise i will take you there  
we'll drink and dance the night away  
we'll drink and dance the night away

so here i am  
its in my hand  
and i'll savior every moment of this  
so here i am  
alive at last  
and i'll savior every moment of this

as long as you're alive here i am

i promise i will take you there  
as long as you're alive here i am  
i promise i will take you there

so here i am  
alive at last  
and i'll savor every moment of this  
savor every moment of this
