Opened up my failure when you refused to go insane
I felt you get excited when I whispered all the things
you love to hate
Like you're the one who kills me
Could kill me with a drug, your weapon
Let's pretend there's nothing wrong
We've learned our lesson

I'll be your, your loaded gun
Waiting to come undone
Or I'll set it off inside you to watch you burn
I'll be the, I'll be the end that you deserve

Open lacerations
A slower cut to feel your pain
Heat the blood to boiling as it passes from your lips
into your brain
'Cause you're the one who kills
Could kill me with a drug, your weapon
Let's pretend that I'm not dead
It's in your head

I'll be your, your loaded gun
Waiting to come undone
Or I'll set it off inside you to watch you burn
I'll be the, I'll be the end that you deserve
I'll be the end that you deserve

I can turn you on like fire
Set my love deep inside you.
Eat you alive and watch you coming out the other side

I'll be your
I'll be your
I'll be your
I'll be the end that you deserve
I'll be the end that you deserve

I'll be your, your loaded gun
Waiting to come undone
Or I'll set it off inside you to watch you burn

I'll be the, I'll be the end that you deserve
I'll be the end that you deserve
