I haven't lost anything except my mind  
[Except my mind]  
Expect a thousand confessions that you will not find  
I try to take off my head sometimes because I can't  
escape the memories  
I haven't lost anything except my mind  
[Except my mind]

You could be empty, and I can be right here empty with  
you  
Or you could be hollow, and I can be right here hollow  
with you  
If you wanna say goodbye to everything, I could say  
goodbye too  
I can be right here empty with you

I haven't wasted a thing except my time  
[Except my time]  
Forget the treasures we've burned because we'll be  
just fine  
I tried to take of my head sometimes because I can't  
escape for the life of me  
I haven't lost anything except my mind

You could be empty, and I can be right here empty with  
you  
Or you could be hollow, and I can be right here hollow  
with you  
If you wanna say goodbye to everything, I could say  
goodbye too  
I can be right here empty with you

Instead of going underground, instead of calling them  
out  
Instead of running 'cause you're still breathing  
Instead of swallowing lies, instead of buried alive  
Let's twist the knife 'til they can't stop bleeding  
If you need a confession, I'm guilty  
Let's twist the knife 'til they can't stop bleeding  
Do you think I feel sorry? Forgive me  
Let's twist the knife 'til they can't stop bleeding

Instead of going under ground, instead of calling them  
out  
Let's twist the knife 'til they can't stop screaming

You could be empty, and I can be right here empty with  
you  
Or you could be hollow, and I can be right here hollow  
with you  
If you wanna say goodbye to everything, I could say  
goodbye too  
I can be right here empty with you
