You took it back
How could you go and do something like that
My fingernail phase
Worst has got the best of you
I ask you and I know I need to change

You took it back
You ripped my heart out of me then you put it back
I'm pulling my hair
I let you just a million times
I love you even though it isn't fair

Change
Around we go, around again in circles
Play this game over again
Around we go, around again in circles

You took it back
You ripped my heart out of me then you put it back
I'm pulling my hair
I let you just a million times
I love you even though it isn't fair

Around we go, around again in circles
Play this game over again.
Around we go, around again in circles

You took it back
You took it back

(screaming)

Around we go, around again in circles
Play this game over again.
Around we go, around again in circles

Around we go, around again in circles
Play this game over again.
Around we go, around again in circles
Circles
