The singer finished singing
And she's walking out
The singer sheds a tear, fear of falling out

And it's hard to say how I feel today
For years gone by and I cried

It's hard to say that I was wrong
Its hard to say that I miss you
Since you've been gone, it's not the same

My worries weigh the world
How I used to be and everything (I'm cold)
Seems a plague in me

And it's hard to say how I feel today
For years gone by, and I cried...

It's hard to say that I was wrong
Its hard to say that I miss you
Since you've been gone, it's not the same

It's hard to say I held my tongue
It's hard to say if only
Since you've been gone, it's not the same

Worse than the fear*,* it's the lie you told a thousand
times before.
Worse than a fear, it's the knife.

And it's hard to say how I feel today.
For years gone by, and I cried...

It's hard to say that I was wrong
Its hard to say that I miss you
Since you've been gone, it's not the same

It's hard to say I held my tongue
It's hard to say if only
Since you've been gone, *I'm not the same.*
