This feeling never leaves you alone  
You pull the trigger on your own  
You're hiding in your safe place  
Hiding with your eyes shut tightly  
all the way to the hospital

Now will you ever rest your head?  
You end up feeling mostly dead  
Pretending you're the last one  
Hiding with your eyes shut tightly  
all the way to the hospital

Before I cross my heart and hope to die at all  
Take off my mask and leave the lies to the liars

It never used to hurt before it isn't funny anymore  
Feeling so alone now,  
Funny how you wish some way that you could die at the  
hospital

You're quiet on the car ride home,  
You're waiting for your head to explode  
You're hiding in your safe place  
Hiding with your eyes shut tightly  
all the way to the hospital

(I don't feel okay, I don't feel alright)

Before I cross my heart and hope to die at all  
Take off my mask and leave the lies to the liars  
(Before I close)  
Before I close my eyes I'm gonna give it up  
(Take off my mask)  
Take off my mask and leave the lies to the liars  
Leave the lies to the liars

Will you look them in the face?  
Could you look me in the face?  
Three cheers you fooled them all  
Come on, hip hip hooray  
Three cheers you fooled them all

Come on, hip hip hooray  
Hip hip hooray

Before I cross my heart and hope to die at all  
Take off my mask and leave the lies to the liars  
(Before I close)  
Before I close my eyes I'm gonna give it up  
(Take off my mask)  
Take off my mask and leave the lies to the liars  
Leave the lies to the liars

(Hey! Hey! Hey!) Leave the lies to the liars  
(Hey! Hey! Hey!) Leave the lies to the liars  
(Hey! Hey! Hey!) Leave the lies to the liars  
(Hey! Hey! Hey!) Leave the lies to the liars  
Hey! Hey! Hey!
