Kickin' it out

Your dream vacation  
Small hostage refuge  
A work in progress  
You bleed just like you puke while running a mile  
I beg to differ  
Make me an offer  
Warm summer rain  
You bleed just like you puke while running a mile

[Chorus]  
Hey, are you okay?  
You look pretty low  
Very handsome awkward  
Do you feel okay?  
You look pretty low  
Very handsome awkward

(Yeah, yeah, yeah, yeah, yeah, yeah handsome  
awkward)

Your market value  
Your resurrection (your resurrection)  
Your shallow concept; help yourself  
I hope you choke and you die  
I know you meant it  
Nice fucking disguise (so hollow)  
Embrace the burn  
You bleed just like you puke while running a mile

[Chorus]

You look pretty low  
You look pretty low

Your dream vacation  
Small hostage refuge  
A work in progress  
You bleed just like you puke while running a mile  
I beg to differ

Make me an offer  
Warm summer rain  
You bleed just like you puke while running a mile

(Yeah, yeah, yeah, yeah, yeah, yeah handsome  
awkward)

[Chorus]

Do you feel okay (okay)?  
You look pretty low  
Pretty low, pretty low  
Pretty handsome awkward

Do you feel okay?  
You look pretty low  
Pretty low, pretty low  
(Handsome awkward)  
Pretty handsome awkward

(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah,  
kickin' it out  
Yeah, yeah, pretty low, yeah, yeah, kickin' it out, pretty  
low!)
