Let me be the one who calls you baby  
All the time  
Surely you can take some comfort  
Knowing that you're mine  
Just hold me tight, lay by my side  
and let me be the one who calls you  
Baby all the time

I found my place in the world  
Could stare at your face for the rest of  
my days  
Now I can breathe, turn my insides out  
and Smother me  
Warm and alive I'm all over you  
would you smother me?

Let me be the one who never leaves  
You all alone  
I hold my breath and lose the feeling  
That I'm on my own (leaves me all alone)  
Hold me too tight stay by my side  
and let me be the one who calls you  
Baby all the time(all the time)

I found my place in the world  
Could stare at your face for the rest of  
  
my days  
Now I can breathe, turn my insides out  
and Smother me  
Warm and alive I'm all over you  
would you smother me?(4X- smother me)

When I'm alone time goes so slow  
I need you here with me  
and how my mistakes have led  
Your heart break  
Still I need you here with me  
So Baby I'm, Baby I'm here

Now I can breathe, turn my insides out

and Smother me(smother me)  
Warm and alive I'm all over you  
would you smother me?(don't let me be alone)

Now I can breathe, turn my insides out  
and Smother me(smother me)  
Warm and alive I'm all over you  
would you smother me?(3X smother me)  
Let me be the one who calls you baby  
All the time  
Let me be the one who calls you baby  
All the time  
Let me be the one who calls you baby  
the one who calls you baby.
