When the shirt came off, it was all in time  
When a m-m-m-minute turned into a mile  
And then I broke that grin, and I cut it out  
And you got all turned on by the taste of your sin--> -  
Taste of the ocean-  
When I mention blue, all you thought was color  
When you mention drugs, all I thought was sober  
When your pants came off and I turned you over  
When you mention blue

Kill! Smile! Cut it out for me this time!  
Smile, haven't seen him smile in a while

Keep the mask aligned  
Get it up in time  
There's a space between valleys  
and try and catch a vibe  
Make a circle square, a rectangle curve  
Use a smile as a noun and I think like a verb  
Really quick switch sides  
Smile Filled with Cancer  
And the room is shaking  
Now you're changing places,  
and I switched my pace,  
and my breathing races when you mention blue

Kill! Smile! Cut it out for me this time!  
Smile, haven't seen him smile in a while  
Kill! Smile! Cut it out for me this time! (This is not [x6])  
Smile, haven't seen him smile in a while (Smile, smile)

Kill, smile, cut it out for me, cut it, cut it out  
Smile, kill, cut it out for me, cut it, cut it out  
We cut it out!

Kill! Smile! Cut it out for me this time!  
Smile, haven't seen him smile in a while  
Kill! Smile! Cut it out for me this time! (This is not [x6])  
Smile, haven't seen him smile in a while (Smile, smile)

Get down and stay awake
