The way I broke your heart very literally  
This ghost haunts me more than it should be  
I'm not gonna walk away or turn my head in shame  
I never thought it could kill me

A clean slate, one more day further away

I want you, you don't want me  
My mistake for wasting yours and mine  
I want you, but will you stay  
With me today?  
With me today?

Just let me make some time to take it back a little  
The way you smile shines the heavens above me  
(heavens above me)  
Never going to let you go, I want you all the time  
I gotta prove you can trust me

A clean slate, one more day further away

I want you, you don't want me  
My mistake for wasting yours and mine  
I want you, but will you stay  
With me today?  
With me today?

I need you, you don't need me  
When you are low, I am not okay  
I want you, but will you stay  
With me today?  
With me today?  
With me today?  
With me today?

A clean slate, one more day further away, yeah

I want you, you don't want me  
My mistake for wasting yours and mine  
I want you, but will you stay  
With me today?

With me today?

I need you, 'cause you need me  
When you are low, I am not okay  
I want you, but will you stay  
With me today?  
With me today?  
With me today?  
With me today?
