Yeahâ€¦
Ima do what it do

First Verse:

So consumed with being nice that I forgot to live my life
Such a people pleaser, now I see I wasted so much time
Yes they like me, but they expect me to be there at a
drop of a dimeâ€¦well I changed my mind

Chorus:

I used to be a people pleaser, but I had a change of
mind
I used to be a midnight teaser, now I just wanna take
my time

Verse Two:

So obsessed with holding on that I forgot to just let go
Listeninâ€™ to abusive speech instead of letting
feelings show
And Iâ€™m so tired of dealing with these guys, that all
they do is take
From their rations to reactions
You and I both know itâ€™s fake

Chorus:

I used to be a people pleaser, but I had a change of
mind
I used to be a midnight teaser, now I just wanna take
my time

Verse Three:

So concerned with giving all I had and more and more
times four
And I am not the one who stands outside when they
have locked the door
Cause this is mine and every other man who dares to
make a stand
Thereâ€™s a time to raise your voice and a time to
raise your hands

Chorus:

I used to be a people pleaser, but I had a change of
mind
I used to be a midnight teaser, now I just wanna take
my time

People pleaser
Midnight teaser

Bridge:
Jim Crow, Cornrow, Afro, we grow, new show, cash
flow, big dough, hell no, bestow, I go, two friend and
foe, although, they blow, you know, I go...

Chorus:
I used to be a people pleaser, but I had a change of
mind
I used to be a midnight teaser, now I just wanna take
my time
