Jamie's on the bathroom floor she don't know why  
she's shaking underneath the sink can't feel a thing  
she'd love to live a life, she's too afraid of failure  
with all the voices in her head  
and what was that I thought I heard you scream  
I know you can feel it  
you're already there  
asleep underwater  
just screaming for air  
I know you can feel it  
you're already...  
don't you know we're freaks and creatures  
wake up, I can almost see the light

I think we're alone here, you and I

I think we're alone left wondering why

I think we're alone here, you and I  
I think we're alone in the universe tonight  
Alex is on the last train home from god knows where  
a million miles away from where he thought he'd be  
he's got his suit his tie his drink his MTV  
he's draining all his life away  
you can't escape we're all infected now  
I know you can feel it  
you're already there  
asleep under water  
just screaming for air  
I know you can feel it  
you're already...  
don't you know we're freaks and creatures  
wake up I can almost see the light
