i am just the gray one in the darker side of you
and theres a place you left inside me
i hope it will amuse
and see this sign carved in my arm
just means ill hate you all forever
its my babyskin tattoo
its all the brand name that youve left
its not so far from me to you
circumcise myself because i knew youd be too busy
and saw the knife was dull
just why the fuck do you think im crying
styes caught in my eye
and it swells me till im numbing
but ill leave it there to punish you
for leaving me so hard
its not so far from me to you
i deliver i will receive all the blessings from these
things given
tested longer held back only here
i am just the gray one in the darker side of you
and theres a place you left inside me

i hope it will amuse

and see this sign carved in my arm

just means ill hate you all forever

its my babyskin tattoo

its all the brand name that youve left me

and i beg borrow prostrate here under cover of
everything made dear

fearing only you
