[Snoop]

Rage... what does that word mean, Rage?
Out-Rage-ous, vindictive... conspicuous
All about it, got to have it
The big bo-ty girl

[Rage & Daz together]

You don't know what you in store for
Rough, rugged, and raw (raw hardcore)
Rough, rugged, and raw (raw)

[Snoop, trading off with Rage]

Hey yo Robin (whassup?) I feel like squabbin (what?)
And if you wit me (uh-huh) I know that you're mobbin
(c'mon)
It ain't no thang (uh-uh) it ain't no problem
(And if it was?) Mmm, I know that we could solve em

[Daz & Rage together]

Yeah, rough (rugged and raw)
Rugged (rough, rugged, and raw)
Hard-core (rough, rugged, and raw)
Rugged (rough, rugged, and raw)

[Dat Nigga Daz]

Ahh, kick shit off so tight, kick rhymes
I kick real shit when I recite
The poetry lethal as ?Moe Brown?
I got you hoppin with a new sound
Dat Nigga Daz showin up to put it down
Who's the example, who tried to come and make my
fear
MC's come around and kick the shit that's real
Knowwhatlmean? Get steamed, the pressure in, to the
extreme
It ain't a dream, real shit from real MC's
I can't complain or explain it I run you over like a train
Bang and hang, box rhyme skate, then swang
It ain't a thang, cover quarter artificial rappers
B-boys and MC's, what's happenin
Check it, tell me, nuthin could save ya

You better watch out, cause nuthin could save ya
I blast you lay you down surround you with the
hypnotical sound
The Lady of Rage and the Pound for life
I keep it underground, no matter where I'm from
I keep it real with a sound, you better watch it
for the battleground, for instance, I spray your
whole god damn crew put you out of commission, fool
listen
Wise up and pay attention, and take heed
til you get driven, into the floor
until you don't want no more, I can't stop repeatedly
You heard shots (pop pop pop) turn on the six o'clock
and who'd you see, who I popped, is it you? Or is it
him?
Is it one of your parents, is it your friend?

[Rage & Daz]

Rough, rugged, and raw (hardcore)
Rough, rugged, and raw, hah (hardcore)
Rough, rugged, and raw (hardcore)
Rough, rugged, and raw

[The Lady of Rage]

Now check this
The key in the game is to be in the game
It's all about the fortune, motherfuck the game
It's not the same, I ain't tryin to make me no names
Live on stage, it's the Lady of Rage, I don't
follow no fads, the Lady of Rage is bad
Bad down to the marrow keep your eyes on the sparrow
Pure raw rough rugged and hardcore, Robin's on the
soar
The deadliest to take flight
The bomb rhyme condor, rhyme conniseur in my castle
You don't want no hassle, you don't wanna battle
Skeedaddle, be on your merry way (cause what?)
Cause on this very day you're Going Down like Mary J.
Whip you like cream it's the cream of the crop, the top
notch
to win the wars without tecs and glocks, Rage rocks
Always and forever to the casket bruh
All up in that ass til you had enough

[Snoop Doggy Dogg]

Cause she's the queen of the hip-hop game, you know
her name
She sent on a mission so I gots to handle things
I can't let her down, I gots to represent the Pound
With the hardco' rough rugged, for yo' nugget
You love it, you dug it

The shit on tape young nigga, so hurry up and dub it
Hey yo Robin (whassup?) I feel like squabbin (what?)
So if you're wit me (uh-huh) I know that you're mobbin
(c'mon)
It ain't no thing (uh-huh) it ain't no problem (uhh, and if
it was)
Uhh, you know that we could solve em

[The Lady of Rage]

Now everytime I step into a room, KA-BOOM!!
Here comes the heavyweight masha, in any shape
form or fashion
Rip the roof off the mother kick the frame out this
fucker (hayyyy!)
Cause Rage shit, pops with extra butter
Hotter than the 4th of July, I tell you no lie
Til the, uhh, day I die, I be fly Robin fly
Smackin with the swiftness, witness this comin
I'm wipin suckers out, so you can call me ahh the clean
up woman
But I gots, better things to do like making, cheddar with
my crew
Like shaking and baking rookies like cookies and umm
veterans too
I got beaucoup flow, who you know that can go toe to
toe
I'm the heavyweight champ, hah, you'll get stamped
Send it, I'm hittin hard enough to dent this, I'm
relentless
I leave your whole camp tentless, so bow down in
repentance
or pay the Price like Vincent, smack that ass like infants
Period end of sentence, this is how I end this, hayyyY!
Break it down
