You live your life day by day  
You can't feel it's slipping away  
It's like heaven where you never get bored  
You self inflicted Rock'n roll whore

Can you feel it  
Can you feel the clocks ticking away

The world doesn't change in a day  
The world doesn't change it  
The world doesn't change in a day

It makes me sick  
to see  
what you need  
to breathe  
It makes me sick  
to see  
what you need  
the world doesn't change in a day

You've got a thousand wounds to heal  
You gotta stop thinking nothing's for real  
electric shock won't bring you back

You're fading baby  
You fade to black  
The world doesn't change in a day  
The world doesn't change it  
The world doesn't change in a day

It makes me sick  
to see  
what you need  
to breathe  
It makes me sick  
to see  
what you need  
the world doesn't change in a day

It makes me sick  
to see

what you need  
to breathe  
It makes me sick  
to see  
what you mean  
to me

When you are the one inside  
is it what you thought it'd be  
I always knew you'd be a star  
and now you are
