It's the real thing  
Safety's off, are you there  
Are you there for me by my side  
An angel who dodge the bullets wide

It feels right on a beach when you talk  
You talk without a sound  
And when you walk  
Your feet hardly touch the ground

But you're there by my side  
But you're there for me

When all this is over  
Heaven knows I'm going nowhere  
I was only dreaming  
Censored for a deeper meaning

It wears off like lipstick on your skin  
Like a day that won't begin  
Waking up you can't remember  
Where you've been

But you're there by my side  
But you're there for me

When all this is over  
Heaven knows I'm going nowhere  
I was only dreaming  
Censored for a deeper meaning

When all this is over  
Heaven knows I'm going nowhere  
I was only dreaming  
Censored for a deeper meaning

But you're there by my side  
But you're there for me

It's time we get things straight  
Are you there?  
Are you there for me, back for good?

It's 6 A.M. in Hollywood

When all this is over  
Heaven knows I'm going nowhere  
I was only dreaming  
Censored for a deeper meaning

When all this is over  
Heaven knows I'm going nowhere  
I was only dreaming  
Censored for a deeper meaning
