How can you stand there and deny it  
after all we have been through  
How can you stand there and deny it  
and make a fool out of you

Collapsing like houses of cards  
and landing on splinters and glass

Wish I could fake it like you do  
wish i could fake it just like you

How can you stand there and deny it  
How can you stand there and deny it

Trust me now

Collapsing like houses of cards  
and landing on splinters and glass  
They crush your heart  
but spare your feet  
like judging people  
you've yet to meet  
well time is running fast  
upon your reflection

trust me now

How can you stand there  
Stand and deny it
