Inject, need you like a drug
Shoot it up

You've got a halo hangin' over your head
Nothing can touch you, nothing can hurt you
You take the world out of my eyes
You suck the words out of my mouth
When we kiss

Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug

Don't ever want to be like you
You have your friends calling you to say
That nothing can touch you and nothing can hurt you
Nothing can take your fantasy away

Nothing can touch you and nothing can hurt you
When we kiss

Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug

You keep fucking it up
It stings like a needle in me
You keep fucking it up

Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up

Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
Need you like a drug, need you like a drug
Can't make it stop, keep fucking it up
