Sit down and watch me
I want you to see me
As your TV, as your TV
As your TV, as your TV

Touched by your static
You see right, right through me
As your TV, as your TV
As your TV, as your TV

What you hide is what you are
What it takes to be a star, come on
You say there's beauty in a scar
Now what a stupid thing you are, sometimes

After you get what you want
You don't want it anymore
(Is that what you want?)
After you get what you want
You don't want it anymore
(Is that what you want?)

After you get what you want
You don't want it anymore
(Is that what you want?)
After you get what you want
You don't want it anymore

Slow down, zoom in
Rewind, do you get the picture?
Philharmonic
Philharmonic

As your TV
As your TV

What you hide is what you are
What it takes to be a star, come on
You say there's beauty in a scar
Now what a stupid thing you are, sometimes

Philharmonic

(After you get what you want)
(You don't want it anymore)
Philharmonic
(After you get what you want)
(You don't want it anymore)

Philharmonic
(After you get what you want)
(You don't want it anymore)
Philharmonic
(After you get what you want)
(You don't want it anymore)
Philharmonic, philharmonic

What you hide is what you are
What it takes to be a star, come on
You say there's beauty in a scar
Now what a stupid thing you are, sometimes

What you hide is what you are
What it takes to be a star, come on
You say there's beauty in a scar
Now what a stupid thing you are, sometimes
Philharmonic
