Here's the story of a girl  
Living in a lonely world  
A hidden note, a secret crush  
A little boy who talks too much  
Well I'm standing in the crowd  
And when you smile I check you out  
But you don't even know my name  
You're too busy playing games

IIIIIIIIII want you to know  
If you lose your way, I won't let you go

If I cut my hair, if I change my clothes  
Will you notice me?  
If I bite my lip, if I say hello  
Will you notice me?  
What's it gonna take for you to see?  
To get you to notice me?  
(To get you to notice me?)

You got your head up in the clouds  
Tell me when you're coming down  
No I don't want to sink your ship  
It's not about the scholarship  
And all the friends that follow you  
That tell you things that just ain't true  
I'm the girl you never see  
I'm the one you really need

And ooooooooooooooh don't get me wrong  
You better make your move before that moments gone  
Tell me  
If I cut my hair, if I change my clothes  
Will you notice me?  
If I bite my lip, if I say hello  
Will you notice me?  
What's it gonna take for you to see?  
To get you to notice me?

I'm not like the rest  
I just don't care if your the best  
You see its

All the same to me  
You'd just be who you are to me

Its all the same to meeeeeeeeeee

Ooooooooooooooh don't get me wrong  
You better make your move before that moments gone

Tell me  
If I cut my hair, if I change my clothes  
Will you notice me?  
If I bite my lip, if I say hello  
Will you notice me?  
If I cut my hair, if I change my clothes  
Will you notice me?  
If I bite my lip, if I say hello  
Will you notice me?  
I want you to notice me  
I'll get you to notice me  
I'll get you to notice me  
(I'll get you to notice me)
