I like who I am, but I guess you don't  
I think that I can, but you think I won't  
Amount to anything at all

If you love me, you sure show it strange  
Is there anything that you wouldn't change?  
I can't be your paper doll

I wanna be perfect,  
But I'm me  
I wanna be flawless,  
But you see  
Every little crack,  
Every chip,  
Every dent,  
Every little mistake, yeah  
I wanna be perfect  
Just like you  
But there's only so much that a girl can do  
When I look in the mirror,  
What I see makes sense to me, yeah  
Perfectly  
Perfectly

I like worn-out shoes, you like high heels  
And fantasies, but I'm what's real  
I guess you could say the shoe don't fit  
Maybe I'm from Venus, you're from Mars  
My imperfections are what they are  
I guess one of us must deal with it

I wanna be perfect,  
But I'm me  
I wanna be flawless,  
But you see  
Every little crack,  
Every chip,  
Every dent,  
Every little mistake, yeah  
I wanna be perfect  
Just like you  
But there's only so much that a girl can do

When I look in the mirror,  
What I see makes sense to me, yeah  
Perfectly  
Oh, perfectly

I try to fit in the mold that you make  
But I'm tired of playing this little charade

I wanna be perfect,  
But I'm me  
I wanna be flawless,  
But you see  
Every little crack,  
Every chip,  
Every dent,  
Every little mistake, yeah  
I wanna be perfect  
Just like you  
But there's only so much that a girl can do  
When I look in the mirror,  
What I see makes sense to me, yeah  
Perfectly
