If you's a hitchhikin' woman

You can thumb a ride with me . . yeah

If you's a hitchhikin' woman

You can thumb a ride with me, yes, yes, yeah

I just had my crankcase greased, mama

My natural motor won't give out on me

Hey, come on baby

I'm gonna ride you slow and easy

Any way to make it last . . .

yeah I'm gonna ride you slow and easy

Any way to make it last . . . yeah

Oh, when the riding gets good, mama

I'll have to shake my head, yes, yes

Play the blues, boys . . .
