(Warren Zevon)  
Lear jet S.W.A.T. team  
On a midnight run  
With the M16  
And the Ingram gun  
We parachute in  
We parachute out  
"Death from above"  
We're screaming now  
Where the pay is good  
And the risk is high  
It's understood  
We'll do or die  
Sten gun in hand  
Where the gun is law  
From Ovamboland  
To Nicaragua  
Strength and muscle and jungle work  
Three young men  
In a Russian truck  
With a little Mac10  
Sent 'em running to the huts  
A few young men  
The few who dare  
To battle in hell  
Le Mercenaire!  
Strength and muscle and jungle work
