Soup to nuts mind your P's and Q's
Sit up straight or you get no food
Eat your bread like the upper class do
With a knife and a fork, no crumbs on you
Girls, girls listen to dad
Don't make him mad
Don't make me sad
You're the best girls any dad ever had!
We're the best girls any dad ever had
Soup to nuts mind your P's and Q's
Sit up straight or you get no food
Eat your bread like the upper class
Do with a knife and a fork no crumbs on you
If you gotta burp, keep it under your shirt
Full of gas, get it over with fast
That's what civilized people do
A right of passage for the privileged too
Soup to nuts mind your P's and Q's
Sit up straight or you get no food
Eat your bread like the upper class do
With a knife and a fork no crumbs on you
