We ain't no ladies - we're superstars  
We're sugar babies - sweet like a candy bar  
We never walk, we only ride  
4 wheels beats 2 heels - we got our pride  
All kiddin' aside

CHORUS:

We're so high, the mountains look small  
We can fly, no building's too tall  
Gravity can't hold us down  
We got the world spinnin' around us  
The sun and the moon bow down to us

So clear the way - for the superstars  
It's a lucky day, when you know who you are  
It's okay to dress like us  
Walk and talk and act like us  
Can't look back, when you're all that

CHORUS

United we stand  
Divided we fall  
I hear the mountains call  
Aaay oh ay oh  
S-U-P-E-R  
Aaay oh ay oh  
S-U-P - You are  
A superstar, superstar, superstar - yeah, yeah

CHORUS
