Seweeee!!!

Why try to hide?

Runnin' ain't about to gonna do anything for you my
little one

Oh they try to get inside of me, why do they bother
anyway?

We mustn't worry, anything

Tell me what you see, pig, are they here?

I'll rip and slaughter he who takes my pig from me

Chorus:

Here little piggy go, pig! Live in muck, I love my pig!

Those filthy little lovers, piggy pigs! Liberate! See my
big panic!

Sicker than I've ever been, when I see myself inside of
you

But, I love you, my crude flesh, stain my tongue with
your mess

Suckle, suckle, oh, gross, it's the roast

(chorus)

(Solo)

I'll save you!
