I never thought I'd need you but now I found I'm wrong
Come on back sweet mama back where you belong
I've gambled all over town find that I can't win
So come on back and pick me up again

Now if I lose let me lose
I don't care how much I lose
If I lose a hundred dollars while I'm trying to win a dime
My baby she's got money all the time

Of all the other gals I know no one can take your place
Cause when I get into a jam they just ain't in the race
So now that you're back dear let's take another round
With you here by my side dear the deal just can't go
