#### CHORUS:

Just let your love shine down on me  
It's the nearest thing to heaven that I'll ever see  
Honest and free, precious and true  
And I live to let my love shine down on you

Darling I'd do anything to be by your side  
Should the ocean come between us  
I would swim against the tide  
I would walk into your finest dreams  
And make them come true  
Darling I'd do anything for you

#### REPEAT CHORUS

Darling through those lonely nights I've longed for this  
day  
When the walls come down between us  
And our cares will fly away  
And you ask if I can give my heart  
I swear that I do  
Darling I'd give anything to you

#### REPEAT CHORUS

#### BRIDGE:

I can't believe it's real  
I won't believe you're mine  
Until we live this heaven one day at a time

#### REPEAT CHORUS

Darling I'd give anything for you
