you think you can break me but i'm over the top now
you think you can reach me but i'm outta your league

so watch me now while i touch the sky
you'll never take me out, you'll never break me

you think you can leave me but i'm all that you got now
you think you can hurt me but i'm stronger this time,
time, time, time

so watch me now while i touch the sky
you'll never take me out, you'll never break me

BRING IT ON - MY DREAMS WILL STILL BE COMING TRUE
IT'S MY LIFE

you think you can stop me but i'm close to the edge
now
you think you can win me but you're losing your mind,
mind, mind, mind

so watch me now while i touch the sky
you'll never take me out, you'll never break me

BRING IT ON - MY DREAMS WILL STILL BE COMING TRUE
IT'S MY LIFE

BRING IT ON - YOU CAN'T TAKE THIS AWAY FROM ME
IT'S MY LIES

so watch me now while i touch the sky
you'll never take me out, you'll never break me

BRING IT ON - MY DREAMS WILL STILL BE COMING TRUE
IT'S MY LIFE

BRING IT ON - YOU CAN'T TAKE THIS AWAY FROM ME
IT'S MY LIES
