There's nothing like a Saturday y'all Quite like it, a Saturday

Saturday morning I wake up and I'm rising to the sun I hear sweet music It's no ilusion I've got to run Don't want to lose, no baby Cos you know tonight is the night We cannot lose, no baby Cos I know the feelings so right So East side sing it Lets all put the night in motion Bring it baby The time flys by so easily We've got to say that there is no other day Like Saturday Like Saturday

I'm telling you (aah) There's nothing like a Saturday night Nothing like a Saturday (The weekends just begun) Jump in the ride Let us ride this rhythm thru the night (The weekends just begun) Everyone is calling, calling me up, just the same For tonight for today You know it's Saturday (oh oh) Don't want to lose, no baby Cos you know tonight is our night Oh yeah (night) yeah (night We cannot lose, oh baby Cos the feeling is so tight So West side sing it Lets all put the night in motion Won't you bring me The time goes by so easily We've got to say that there is no other day Quite like a Saturday

I'm telling you

There's nothing like a Saturday night C'mon c'mon c'mon (The weekends just begun) Call up the crew Cos there's nothing like a Saturday night Ah break it down

Ain't nothing like a Saturday Or Zhane (yeah, Hey) Tomorrow you can sleep all day Tonight we gonna party from the club to the street Keep the vibe going from the West to the East Keep the? on (c'mon) Play you last pawn (right) It's Saturday we ain't hurting nobody Shorty and the? keeping the nails tight Looking all sexy for the club tonight I'm telling you there's nothing like a Saturday night Everythings right Like chill on the white No need to be depressed When you already escaped the Monday to Friday stress Best be? If your feet hurt, take your shoes off today I just know, everything will be okay Cos there's no day like a Saturday

I'm telling you (aah) There's nothing like a Saturday night (aah oh baby, oh baby) Call up the crew Cos there's nothing like a Saturday night (Weekends just begun) I'm telling you There's nothing like a Saturday night,

[Repeat and fade]
