(Originally recorded by Pennywise,
dedicated to the memory of Jason Matthew Thirsk)

Voices! You're letting voices tell you what to do
when you yourself don't know.

Voices! You got one too, so let it out
and let us know when you're feeling all alone.

Well I know

There are times when
you're feeling close to the ground

And there's times when
you may feel there's no place to call home

And there's times when
your best friend just seems so far away

And there's times when
the only end in sight is the end

You've got to come out fighting!

Come out fighting!

Come out fighting!

Don't let it get you down.

Problems! I've got em too but keeping them inside is
not the thing to do.

Problems! You've got to face hang-ups head-on,
Before you know they're hangin' you.

You've got to come out fighting!

Come out fighting!

Come out fighting!

All alone yes all alone.

Loneliness, it is something we all know.

Wooh all alone, yes all alone.

Been there before so please believe me
'cause I know.

Woooooooooh.

Sorry to say to your dismay your life
is not the only one that you affect.

Don't you realize that a part of all of us will die inside
when

you yourself are dead.

You've got to come out fighting!

Come out fighting!

Come out fighting!

Come out fighting!

Warning you, warning you, warning me.
