I'm well aware that you are chemically imbalanced  
but I'm the kind of guy that likes a challenge  
from a crazy kind of girl who lives in her own world  
Who is legally insane

I'm not afraid and I will rise to the occasion  
and I'll remind you when it's time for medication  
for a mixed up little girl alone in this big world  
Who is legally insane

You need someone who's there whether you're lucid or  
delusional  
You need someone to hold your hand if you're  
confused at all

I understand all the problems you've got  
I'll stay up nights on a suicide watch for you  
Fucked up girl

I'll be with you until we find a good solution  
and keep you out of any mental institutions  
If you need some special care, I always will be there  
'Cause you're legally insane  
It takes some patience and a lot of sacrifice  
helping a lunatic get through her life  
I'll protect you from yourself 'cause you've got nobody  
else  
And you're legally insane

You need someone who's there when you're losing all  
your faculties  
You need someone who understands all your  
abnormalities  
I understand all the problems you've got  
I'll stay up nights on a suicide watch for you  
Fucked up girl

You need someone who's there whether you're lucid or  
delusional  
You need someone to hold your hand if you're  
confused at all

I understand all the problems you've got  
I'll stay up nights on a suicide watch for you  
Fucked up girl
