Well I know it's gonna happen so I wait for it to happen  
cause it never doesn't happen to- me.  
And you're giving me a headache cause you're clingy  
and pathetic and I know I got to cut you free.

I can't wait, can't wait there's no escaping- I'm so over  
us.

I can't wait, I can't take it- just kick me in the face and  
go and have some stupid fun.

Well you have all this potential why must you be such a  
simpleminded, insecure, smothering freak.  
And you'll soon be well aware there's no reason you  
care and I give it maybe about a week.

I can't wait, can't wait there's no escaping- I'm so over  
us.

I can't wait, I can't take it- just kick me in the face and  
go and have some stupid fun.

Leave the house and meet someone.

I'm sure you'll find good times with someone, anyone  
but me,

I won't make scene, just tell me you're leaving and I'll  
just act OK- I can't wait.

Well I know it's gonna happen so I wait for it to happen  
cause it never doesn't happen to- me.

And I want for you to want to wanna go because I think  
you ought to.

So I can finally friggin breathe.

I can't wait, can't wait there's no escaping- I'm so over  
us.

I can't wait, I can't take it- just kick me in the face and  
go and have some stupid fun.

Leave the house and meet someone.

Someone's sure to like you, don't tell 'em you're a  
psycho, in 14 years we'll go have lunch.
