You're on tour, I'm alone.

Wondering just what you did with your phone.

Try usin' it, i'm losin' it.

I never thought I'd lose you this way.

Quit the band, get off stage.

Come back home, start acting your age.

Look at me, look at us.

I just found out I'm not allowed on your bus.

"Keep playin'. I'll stay in."

I can't see myself sayin' "keep playin'. I'll stay in. I'll be ok."

Well it was cute at the party at the lake,

But haulin' your gear is more than I can take.

You said this little band thing wouldn't last...

Guess I'm just a jackass.

Stuck outside, got no pass.

You happy now? You made me feel like an ass.

With you up there, and me out here.

Some guy told me to stay away from your beer.

"Keep playin'. I'll stay in."

I can't see myself sayin' "Keep playin'. I'll stay in. I'll be ok."

Well it was cute at the party at the lake,  
But haulin' your gear is more than I can take.  
You said this little band thing wouldn't last...  
Guess I'm just a jackass.

Well it was cute at the party at the lake,  
But haulin' your gear is more than I can take.  
You said this little band thing wouldn't last...  
Guess I'm just a jackass.

Guess I'm just a big jackass
